

Coeliac UK Research Conference 2018

Coeliac disease past, present and future; a spectrum of gluten related conditions

We are delighted to invite you to our prestigious Patient Forum as part of our 50th Anniversary Research Conference. This exciting event will include:

Your opportunity to hear from international world-leading experts on research topics including associated genetics, advances in diagnosis, ongoing symptoms and complications, neurological conditions and new therapeutics.

Be amongst the first to hear the top ten priorities for research into coeliac disease, based on extensive consultation with patients, carers and healthcare professionals.

The public launch of Coeliac UK's Research Fund – aiming to raise £5m by 2020 to create a step-change in investment into research into coeliac disease and the health impacts of gluten.

When: 11.00 am - 5.00 pm, Thursday 15 March 2018

Where: The Royal College of Physicians, 11 St Andrews Place, Regent's Park, London NW1 4LE

Only 50 places are available.

You are also cordially invited to a complimentary early evening drinks reception, 5pm-6.30pm, with informal networking with some of our speakers, other researchers and healthcare professionals. This is open to you even if you are unable to attend during the day. 150 places are available.

Register your interest or book your place at either event or both by emailing caroline.norris@coeliac.org.uk or telephoning 01494 796136.
