Bob Trice	Bob was elected to the Board on 24/06/2017				Yes	Yes	Yes

The charity always endeavours to recruit to its Board a Governor who is academically or clinically qualified to a high degree in order that they may Chair one of our critical sub committees, the Health Advisory Committee. The very nature of their qualification means that they are extremely busy individuals with high demands upon their time. Consequently the charity expects that their attendance at Board meetings may not be as high as other Governors.
